## 2012 RETAIL PRICE LIST

### 4 STROKE PARAMOTORS

The V5 a 20.5HP, 195cc, 2 valve engine that gives a thrust output in excess of 65Kg with the Helix 1.30m propeller. The V5 is our lightest engine to date and features our unique fastening clamp/webbing strap/roller pulley, which locates the manual pull starter handle conveniently just behind the pilots head. The V5 is fitted with our unique Easy Start System, which makes starting or in flight re-starting totally effortless.

The V5 features our lightweight, 4-piece single hoop safety cage with integral throttle hooks for left and right handed use (the V5 can be adapted from left to right throttle in seconds with no tools necessary). The V5 uses an exciting new version of our Active Chassis System, which gives 'Hands off' zero torque effect handling from the pivoting stainless steel hang bars.

ALLOY

1.30m propeller – Manual start

£5400.00

Optional extras:- £45.00 for Quick release propeller £150.00 for titanium exhaust silencer and bracket  
£25.00 for 15 litre fuel tank £75.00 for 12v power supply for running accessories

Please see [www.baileyaviation.com](http://www.baileyaviation.com) for full details of all available options

All paramotors are supplied ready to run, with Helix carbon-composite propeller, quick release alloy 10L fuel tank, bespoke Sup'Air harness with clear window for PET-2000DX tacho mounting (not supplied), detachable 4-piece safety cage, stainless steel active hang bars, padded propeller covers, cage quarter carrying bag, fully synthetic oil (UK only) and manual.

### ENGINES ONLY

The V5 manual start and Electric start V5E are available to purchase as a separate item, for inclusion in your own self-build aviation projects. All engines are supplied as complete assemblies, fitted with engine mounts, standard 6 bolt reduction pulley (quick release optional) stainless steel exhaust (titanium optional), carburettor, air filter, wiring loom, CDI Ignition, fuel Pump with Tygon fuel line (also T-piece and pulse drain) and a manual choke adjuster and cable.

Please note the V5E engine also comes with:- starter motor, starter solenoid and voltage regulator

V5	20.5HP 195cc / 2 valve engine with manual easy start system	£ 3185.00
V5E	20.5HP 195cc / 2 valve engine with electric only easy start system	£ 3385.00

V5/V5E engine Options:-

Quick release propeller mounting system £45.00  
Titanium exhaust silencer and bracket (650g weight saving over S/steel exhaust) £150.00  
Manual back-up starter system (V5E only) £75.00

Please see our website for full specification of the ultra lightweight V5 engine.

All prices include VAT @20.0% E & O.E. – JANUARY 2012

2012 RETAIL PRICE LIST

TRIKES

The Bailey Quattro Trike features a lightweight stainless steel frame, mated to a bucket seat that contains a large fuel tank and an adjustable 4 point safety belt. Colour co-ordinated in red, the Bailey Quattro utilises our latest V5 4 stroke engine with 1.30m propeller and is fully adjustable for any pilot for optimum comfort. Suitable for beginners and expert pilots, a truly exciting and unique machine.

5V powered - 1.30m propeller with Manual start £5675.00

Quattro trike is supplied ready to run with carbon-composite propeller, plastic fuel tank/seat, detachable 2 piece stainless cage, padded propeller covers, fully synthetic oil and user manual.

Many customers enquired if we could adapt the design of the Quattro trike to allow their Bailey paramotor to be bolted on to convert their paramotor into a fully fledged trike, so this is our answer, the Quattro Plus.

The Quattro Plus shares the same fantastic form as the Quattro, but has an ingenious mounting system that uses the hang bar sockets of our paramotor and the existing quick release pip-pins to convert from paramotor to trike in a few minutes with no tools. The Quattro Plus is only suitable for Bailey Aviation paramotors.

- Trike Attachment for Bailey Aviation Paramotors £2250.00

4 STROKE SPARE PARTS

Table with 2 columns: Part Name and Price. Includes items like Carbon composite propellers, Alloy Cage quarters, Alloy Chassis, Stainless Steel Hang Bars, and Battery packs.

WINGS

Bailey Aviation are main distributors for the excellent Ozone PPG wing range, so whether you are new to the sport or require the latest in Reflex wing technology, we have the correct wing in stock for you.

The Viper 2 is flown by many winning competition pilots, including the current World Champion and is the holder of many World speed records, including some flights using Bailey Aviation paramotors and trikes!

Table with 2 columns: Wing Model and Price. Lists Ozone Indy, Ozone Rush, Ozone Roadster, Ozone Speedster, and Ozone Viper 2 with their respective specifications and prices.
